

**SOLID WASTE FACILITY PERMIT**

1. Facility/Permit Number:

37-AH-0001

2. Name and Street Address of Facility:

Coast Waste Management Transfer Station  
5960 El Camino Real  
Carlsbad, CA 92008

3. Name and Mailing Address of Operator:

Coast Waste Management, Inc.  
PO Box 947  
5960 El Camino Real  
Carlsbad, CA 92018-0947

4. Name and Address of Land Owner:

County of San Diego  
Department of Airports  
1960 Joe Crosson Drive  
El Cajon, CA 920205. Specifications:

a. Permitted Operation:

Transfer Station

b. Permitted Hours of Operation :

5:00 am - 12:00 am  
Sunday - Saturday

c. Maximum Permitted Tonnage:

800 Tons/day

d. Maximum Permitted Traffic Volume:

522 Vehicles/Day

e. Key Design Parameters (Detailed parameters are shown on site plans bearing LEA and CIWMB validations):

Total Permitted Site

10.7 Acres

Permitted Transfer, MRF &amp; Processing

5.5 Acres

Design Capacity

800 Tons per day

This permit is solely granted to the operator named above. The attached permit findings and conditions are integral parts of this permit.

6. Approval:

\_\_\_\_\_  
Approving Officer Signature

DANIEL J. AVERA, Director

\_\_\_\_\_  
Name/Title

7. Enforcement Agency Name and Address:

San Diego County  
Department of Environmental Health  
P.O. Box 85261  
San Diego, CA 92186-5261

8. Received by CIWMB:

**MAY 13 1997**

9. CIWMB Concurrence Date:

10. Permit Review Due Date:

11. Permit Issued Date:

**SOLID WASTE FACILITY PERMIT**

Facility/Permit Number:

37-AH-0001

**12. Legal Description of Facility:**

5960 El Camino Real, Carlsbad, San Diego County, CA 92001

The property's legal description is described on page 2 & 3 of the Report of Station Information dated February 1997.

**13. Findings:**

- a) This facility is a transfer station identified and described on page III-35 of the County of Solid Waste Management Plan (CoSWMP) dated 1986. (Public Resources Code § 50000(a)(1). (A County-wide Integrated Waste Management Plan has not been approved by the CIWMB).
- b) The LEA has determined that the design and operation of the facility is in compliance with the State Minimum Standards for Solid Waste Handling and Disposal, based on a review of the February 1997 Report of Station Information and an inspection of the facility conducted on April 15, 1997.
- c) This permit is consistent with standards adopted by the California Integrated Waste Management Board (CIWMB). Public Resources Code, § 44010.
- d) The LEA has reviewed, considered and found that, based on the February 21, 1997 Environmental Impact Assessment Part II prepared by the City of Carlsbad Planning Department, this project was described in the Environmental Impact Report (EIR) #EAD 77-7-34 and Master Environmental Impact Report (MEIR) 93-01 as within their scope; and there will be no additional significant effect, not analyzed therein; and that no new or additional mitigation measures or alternatives are required; and that therefore this project is within the scope of the prior EIRs; and no new environmental document nor Public Resources Code § 21081 findings are required.

The LEA has determined that the minor physical and operation changes are exempt from the requirements of the California Environmental Quality Act per §§ 15301(c), 15301(e)(2), and 15311(b) of the state CEQA Guidelines and will not have any adverse significant impact on the environment.

The LEA finds that all feasible mitigation measures identified in EIR #EAD 77-7-34 which are appropriate to this project have been incorporated into the design of this project and that there are no significant unmitigable environmental effects arising from the issuance of the solid waste facility permit. The LEA has further filed a Notice of Exemption with the County Clerk dated May 13, 1997, on this revised Solid Waste Facility Permit.

- e) The following authorized agent has made a determination that the facility is consistent with, and designated in, the applicable general plan: Michael J. Holzmillner, Planning Director, City of Carlsbad Planning Department Public Resources Code § 50000.5(a).
- f) The following local governing body has made a written finding that surrounding land use is compatible with the facility operation, as required in Public Resources Code § 50000.5(b). City of Carlsbad Planning Commission.

**14. In addition to the terms of this SWFP, the following documents describe and restrict the operation of this facility:**

	Date		Date
Report of Station Information	<u>2-97</u>	Notice of Intent - WDID 9 37S001319	<u>3-15-92</u>
Conditional Use Permit CUP 260(B)	<u>3-5-97</u>	Lease Agreements - Owner and Operator	<u>6-3-96</u>
EIR EAD Log #77-7-34, Project #UJ7842	<u>11-77</u>		

**15. Prohibitions:**

The permittee is prohibited from accepting any liquid waste sludge, non-hazardous waste requiring special handling, designated waste, hazardous waste, biohazardous waste, waste containing more than 50% water, friable and non-friable asbestos, large dead animals, and radioactive waste.

## SOLID WASTE FACILITY PERMIT

Facility/Permit Number:

37-AH-0001

### 16. LEA Conditions:

- a) The operator shall maintain a copy of this permit, Report of Station Information and State Minimum Standards for Transfer/Processing Station at the site at all times.
- b) No significant change in design or operation of this facility shall be taken without prior application to and approval by the LEA.
- c) Additional information related to compliance with this permit or information concerning the design and operation of this facility shall be furnished to the LEA upon request.
- d) The SWFP is subject to review by the LEA and may be suspended, revoked or modified at any time for sufficient cause.
- e) Stored recyclables shall not interfere with facility operations or cause a public health nuisance as determined by the LEA. The LEA reserves the right to reduce the maximum storage time of recyclables necessary to protect health or prevent a nuisance.
- f) The operator shall maintain, and keep current, records of weight and types of waste received per day and per month .
- g) The operator shall maintain records of final disposition of transferred waste and recycled materials.
- h) The operator shall maintain, and keep current, records of weight and types of recycled materials.
- i) The operator shall maintain, and keep current, a record of all vehicles hauling waste to the facility.
- j) The operator shall maintain a Log of special occurrences and a Log of complaints received.
- k) The operator shall maintain a record of prohibited wastes discovered by the load check program and the final disposition of these wastes.
- l) If the proposed dust control systems fail to be adequate for the control of dust in the operations of the facility, the LEA may require additional mitigation measures be installed.
